Letter of Recommendation

RE: Calvin Bolt
Calvin Bolt Home Inspections
1310 Oriole Drive
Warsaw, IN 46580

December 12, 2005

To Whom It May Concern:

I had the pleasure of using Calvin Bolt Home Inspections services recently for the investigation and inspection of a potential investment cottage.

As a practicing Indiana attorney, I am often retained to assist clients with the purchase of a home, investment real estate or commercial property. As such, investigation and inspection of the home or building are required to expose potential liabilities and structural problems. Since the results of the home inspection are vital to the decision whether or not to complete the purchase, it is mandatory that the inspection be completely reliable and thorough.

That is why I enthusiastically recommend the use of Calvin Bolt Home Inspections services whenever the inspection of a home or building is required. Mr. Bolt takes the time necessary to complete a thorough investigation of the property and provides written results based on a thorough knowledge of State and local building codes. He also provides practical recommendations gained from his many years as a building contractor in the Warsaw, Indiana area which are further substantiated by the various news articles, pertinent building code sections, and information regarding environmental issues which he provides with his final report.

In light of the above, it is without reservation that I recommend Calvin Bolt's services whenever an inspection of a home or building is required.

If you have any further questions, please feel free to contact me and I will be glad to discuss the matter further.

Sincerely,

Robert F. Smith, Jr.
